

## Product information

This 18V tool battery flood light has been awarded the Bronze Prize of the A Design Award 2023. It is designed for various work environments. The flood light integrates a shield concept, symbolizing protection and strength. Made of light-weight aluminum, it's robust, corrosion-resistant and portable. It can utilize different adapters to accommodate **a wide range of tool batteries (Bosch, Dewalt, Makita, Metabo, Milwaukee, Festool, Flex)**, ensuring extended operational hours.

## Specifications

IP class	IP54
IK class	IK08
Power	50W
Color temperature	5700K
Beam angle	110°
Lumen	1250-2500-3750-5000lm
LED type	COB
Battery	Compatible with Bosch, Dewalt, Makita, Metabo, Milwaukee, Festool, Flex
CRI	80
Lifetime	25000 hours
Operating temperature	-10°C ~ 40°C
Dimensions	248 x 259 x 173 mm
Certificates	CE, RoHS

Used electrical and electronic products, including all types of batteries, must be delivered for recycling at a separate collection point. (acc. to directive 2012/19/EU and 2006/66/EC).
